

# APPLIED PHYSICS DAY 2019

## When?

November 27th  
from kl. 14.15

## Where?

AlbaNova

## Why?

Why not!

## Welcome!

You are invited to the 11th Applied Physics day!

More than a tradition, it gathers new and old colleagues from the Applied Physics department at KTH to listen and talk about science.

It is the perfect occasion for thought-exchanging and to increase interaction and links among different groups and staff members. Moreover you will have the opportunity to learn from alumni and current staff at the department.

We will start at Albanova with talks by Applied Physics speakers, career reflections by Applied Physics alumni, a poster session and dinner at Syster O Bror. The detailed program containing speakers and timeline will be posted when confirmed.

Fill out the attendance form at the APHYS website ([www.kth.se/form/appliedphysicsday2019](http://www.kth.se/form/appliedphysicsday2019))

Confirm your participation before November 20!
