

*You are looking at the very first issue of the SCI newsletter. Every month we will send you a short news-flash about what is going on at SCI.*

*Format, look and scope may change as we go - feel free to comment!*

## Management Structure

The new structure consists of four smaller groups, each with a specific purpose:

- Core management team
- Department head council
- Management council
- Strategic council

## Appointment Process

A new process for appointment of Head of Department is being implemented. The goal is to establish a transparent, well-anchored and accepted way to appoint department heads.

A nominating committee will be responsible for collecting and processing nominations. The Dean will then decide.

## School Party

The traditional SCI Shool Party will, of course, return this year. When and where is still a well-kept secret, but it will be revealed soon.

Nina Karlstedt has been appointed Party General - with the mission objective of making the best party ever.

## Faculty Breakfast

Twice each semester, the Dean of School invites all faculty members to an informal breakfast meeting. If you have a question for the Dean, send it in advance and it will be answered at the meeting.

The first meeting is on March 4th, 08:00-09:00 in Hugin/Munin

## New Professor

Sandra Choubey has been appointed Professor at the Department of Physics.

Her research interests lie in the field of theoretical particle physics with specialization in neutrino physics and dark matter physics. She will be actively involved in teaching as well as mentoring and supervision of students and postdocs.
