After completed this course the student should be able to::

- Identify and distinguish what constitute a HRM-system.
- Identify and distinguish different types of HRM-systems as well as describe how these support different strategies.
- Describe and value the theoretical foundations in HRM.
- Give example of and describe basic principles for the European (EU) labor legislation.
- Give example of measures in the area of HRM to enhance equality in organizations.
- Give example of and describe HRM related organizational changes (such as, increased flexibility, downsizing etc.) as well as how these affect employees and the HRM-system.
- Practice some basic recruitment tools and methods

## Kursinnehåll

The course covers lectures, written assignments, practical exercises, and a written examination.

- The link between corporate, business, and functional strategy and HRM.
- The organization of the HR-function in different companies.
- The matching of demand and supply in HR.
- Recruitment.
- Short listing, interviews, and selection.
- Feedback.
- Career development, training, and education.
- Competence and knowledge structures.
- Breakdown of competence need.
- Employee relations and matching people and jobs
- Organizational culture.
- Compensation and benefits.
- Gender perspectives on HRM.
- EU labor legislation.
- Equality and discrimination in HRM.
- Redundancy and dismissal.
- Downsizing, and outplacement

Central parts of this course are the interview and recruitment exercises, which gives the students the opportunity to acquire first-hand information on specific issues from HR practitioners (in the HR-manager interview) as well as practically test some of the methods taught in this course (in the recruitment exercise).

## **Kursupplägg**

The course consists of a combination of lectures, guest lectures given by people from both academia as well as private and public sectors. Attendance and active participation in class discussions are expected. Participation in interview and recruitment exercises are mandatory, which requires participation in preparations, execution, as well as written and oral presentations. The concluding written exam determine the final grade in the course.
